

Dear Patriot,

We want another miracle.

Passing TABOR was a miracle, and took great effort over five years. But TABOR was only about money. Other items in a conservative agenda are school choice; end gender and race abuse of schoolchildren; simpler recalls; a one-sentence cap on vehicle taxes and fees; real property tax relief; legislative reforms; put state bureaucracy on a diet; term-limit judges; strong property rights; criminal justice; and election integrity. Ideas?

PetitionRights.com starts our climb back. Its Fifteen Facts lists how low our rights have fallen. Why? Politicians punished us for passing TABOR. Reject that legacy. The PRA (Petition Rights Amendment) is 10X stronger than TABOR. Its power protects our basic rights, which the Founding Fathers wisely enshrined in the First Amendment.

We want only to make Colorado the model of free and honest government. PRA support is simple. If 100 citizens in the state each get 100 entries daily (14 per hour X 7 hours), that is 10,000 entries per day. In 19 days, 190K entries tops even the inflated entries politicians illegally imposed. Our 1910 constitution truly requires “only” 125K entries.

Is this dream too wild? People recently got \$1,600 state TABOR refunds (we beat the Prop. HH scam--another miracle). One dollar per entry as one of the Heroic Hundred exceeds TABOR refunds. To save income tax on that \$1,900, give it to your church or charity, or to PRA. Ask 10 friends to help. Recruit 10 idle seniors, those in wheelchairs, or eager new voters. Try Goodwill and DAV. Promote PRA in church or social groups as a fund raiser. \$19,000 cash “trumps” any group bake sale. You can do it.

Need a motivator besides patriotism and money? Re-read Fifteen Facts. It will make you angry. Our nation and our state are falling into insanity. Do this boring but noble work for your children and grandchildren, and those yet unborn.

In 1992, one senior citizen (“Georgia”) collected 2,200 entries in Pueblo all by herself as a volunteer. Our corrupt state voided ALL 2,200; Georgia (now deceased) had not listed her *middle initial* on her 22 petitions (!) She declared she did not HAVE a middle initial. Her 2,200 restored entries were enough to put TABOR on the 1992 ballot and led to our victory. Another miracle. Georgia is watching us now.

PRA needs daily citizen effort. The Founding Fathers pledged their “Lives, Fortunes, and sacred Honor.” Be one of 300, 400, or 500 heroes. Delay the trivial; save our state. Remember, “Where there is no vision, the people perish.” Proverbs 29:18. We are *blessed* to be Americans. For five years, we fought politicians whining, “Trust representative government (them).” Our American rebuttal was always “We the People” and “Trust Yourself.” Were we right? Please help.
